Charging Cradles for SKXPro[®] SmartSled[®]

The Easiest and Quickest Way to Charge Your SKXPro SmartSled

Our 1-slot and 5-Slot SKXPro Charging Cradles are the easiest and most secure way to keep your XCover Pro with SKXPro SmartSled charged. Additional battery capacity is never far away because these cradles feature built-in battery slots to simultaneously charge your XCover Pro with SKXPro SmartSled and spare 2,000mAh Extended Batteries.

Convenient

Both the 1-slot and 5-slot SKXPro Charging Cradles support Adaptive Fast Charging. With the ability to charge via USB Type-C or DC connector, your devices can be charged wherever and whenever. Additionally, the 1-slot Charging Cradle comes equipped with a slot to charge a spare 2,000mAh Extended Battery while the 5-slot Charging Cradle comes equipped with 5 Extended Battery slots.

Secure

The SKXPro fits securely into the cradle with or without a Protective Boot to ensure a stable charging environment thus avoiding accidental drops while charging. Just place the device into the cradle to begin charging!

Charging Cradle Details
