

SAMSUNG GALAXY TAB ACTIVE2

MATERIAL HANDLING MOUNTING PRODUCTS

Forklift Ready • Rugged Design • Dependable

Being in a warehouse doesn't mean users have to be out of touch. Stay connected with Gamber-Johnson's rugged cradle and docking stations specifically designed for Samsung's Galaxy Tab Active2.

INCREDIBLY RUGGED

Tested to MIL STD 810G specifications, Gamber-Johnson product protects the tablet and ensures that, during a crash, the tablet won't become a dangerous projectile on a lift vehicle.

USE WITH ONE HAND

It only takes one hand to place the tablet in the cradle or dock and remove it thanks to the easy-to-use latch design.

EASY TO INSTALL

Whether the tablet is hanging horizontally or vertically off the overhead guard leg, or mounted elsewhere, Gamber-Johnson has a complete line of material handling solutions for any lift vehicle make and model.

CONNECT YOUR PERIPHERALS

Connect a scanner, printer, or other device to build a complete workplace solution.

SAMSUNG GALAXY TAB ACTIVE2 CRADLE

The Gamber-Johnson cradle is the ultimate choice for drivers who want to keep things simple. At just 0.46 lbs, the cradle keeps the tablet safe and lets users access all the features they love. The camera, stylus, and all tablet ports can be used while the device is safely docked in the cradle. If needed, you can even lock the cradle for extra tablet security.
